GRAIN AND PRODUCE MARKET

Speculators Doubt State Advices and Wait for Government Report.

WHEAT MAKES A SUBSTANTIAL GAIN

General Rains and Foreign Demand Combine to Help Corn-Oats Dull-Michigan Crops Are Good,

OMAHA. June 10, 1806. Despite predictions by experts that the jovernment crop report this afternoon outd show a market betterment of prosects, the wheat market was strong on pects, the wheat market was strong on state reports. State advices snow that Kansas has fallen off is points, Kentucay 17 and Missouri 19. The advance in prices was not great, however, as the traders are inclined to look with suspicion on some of these reports and are waiting to near what the government says, Jul., opened un-changed and the other months a fittle higher. All scored advances. July closed at 30%c, September at Sic and December at 81%c.

General rains and a good foreign demand General rains and a good foreign demand combined to help the corn situation. All months opened about \$\frac{1}{2}\$c higher and a better price was made as the day advanced. July closed at \$1\frac{1}{2}\$c, old July at \$2\frac{1}{2}\$c, September at \$2\frac{1}{2}\$c, old September at \$2\frac{1}{2}\$c, old September at \$2\frac{1}{2}\$c, and December at \$4\frac{1}{2}\$c.

Outs again were stendy and featureless. July finished at \$1\frac{1}{2}\$c, September at \$2\frac{1}{2}\$c and December at \$2\frac{1}{2}\$c.

Outs again were stondy and featureless. July finished at 31%c. September at 12% and December at 22%c.

State reports are coming in on wheat. The Kentucky condition, based on June 1, returns a condition of 31. Since then a personal investigation by the bureau officials shows decided damage by rust. Kansmas reports show a loss of 15 points. The Michigan June wheat crop report, as wired by King of Toledo, make the condition 67, last month 36, last year 47, but 57 at harvest. The area at present is one-third larger. The corn condition is 82, compared with 73 a year ago, cats 30, against 38 last month and 83 a year ago. The final official yield in Michigan last year was 4,873,600 bushels on 761,600 acres.

Snow's report says: "That the ten days that have passed since the data was gathered for the government crop report of today have constituted the most favorable part of the season for the wheat crop and

today have constituted the most favorable part of the season for the wheat crop and this present condition is even higher than the report today will show. Favorable temperatures and plenty of moisture have improved the situation and complaint of fly, rust or other enemies is very small. The same conditions govern the oat crop. The past week favored both corn planting and growing and the situation was improved, but the crop has not yet reached normal developments and considerable planting and replanting is yet to be done. One of the largest exporting houses in Duluth wires; "We have corn bids today from every correspondent almost that we ever did business with and, considering the fact that foreign prices are \$200c above act that foreign prices are \$210c above thicago July prices, and that we could work an almost unlimited quantity of corn to the basis of the July price in Chicago. we cannot help but feel strong on the July
